

Catalog

June 24th - 28th

<u>CAMP</u>	<u>Teacher</u>	<u>AGE</u>
-------------	----------------	------------

Circus	Hailey Urano	3-5
--------	--------------	-----

Come explore the circus with us! From performers to animals, we'll talk about what makes up the circus. This camp will incorporate on theme hands on play and fun crafts that will make for a fun filled week.

STEM	Priscilla Mudge	3-5
------	-----------------	-----

Its never too early for STEM.....pre-school is the perfect time to introduce kiddos to the wonderful world of science, techology, engineering, and math. Most importantly we always reflect and provide just how all of this is from God. We will learn about things like air flow, magnetics, pressure, force, space, weather, just to name a few. If you joined in 2023, experiments will be different this year!!!

Cheer	Kayla and Kam	3-7
-------	---------------	-----

Come express yourself at cheer camp! Activities will include chants, cheers, jumps, cheer-related crafts, tumbling, and dance. This camp is hosted by former professional cheer performers with years of experience.

Superhero	Melissa Tarbox	4-7
-----------	----------------	-----

Training Academy

Calling all superheroes! Kids will go through superhero training, develop their own superhero identity, practice their skills, eat themed snacks, and create their own superhero cape and mask. We will strengthen our identity in Christ by comparing superheroes to Bible heroes and learn that we are chosen, not alone, set apart, and incredible. We will end the week by testing our skills on a superhero obstacle course.

Nature Crafts

Kari Duronio

4-8

Together let's explore the beauty in nature that our God created. This will focus on crafts that incorporates different mediums, tools, and senses. Some of the art will even incorporate foraging for your own supplies!

Baking

Hillary Painter

5-8

A little dash of sugar and a pinch of salt, whisk into our marvelous bake shop where we will bake away the week. We will explore cookies, cake pops, cupcakes and more. Your camper will come home learning so much sweet stuff.

Dance

Katelyn Spencer

6-9

At this fun, co-ed camp, kids will learn new styles of dance like ballet, jazz, tap, and more! We will also practice coordination and rhythm and engage our artistic creativity through exciting games and choreography. "Let them praise His name with dancing..." (Psalm 149:3a).

Soccer

Spurs Coaches

6-12

Join us as we hone our soccer skills in this fun outdoor camp led by a professional soccer club. We will have lots of fun incorporating games and drills to practice our footwork while also learning the foundations of sportsmanship.

Robotics

Alec & Julia

8-12

Has your child ever wondered how things are wired? What makes something move? Or been fascinated by the machines that we see in our daily life? Well then this camp would be great for them! Two former competitive robotics builders will come teach about the basics of coding, mechanics, materials, and building. The instruction will be centered around games and fun age-appropriate activities.

Musical Theater

Marissa Laaras

8-12

This class will be taught by a theater major who is passionate about sharing her love of the performing arts. Children will be introduced to examples of musical theater, while learning the process of what goes into creating their own mini show. All skill levels are welcome.

July 15th – 19th

<u>CAMP</u>	<u>Teacher</u>	<u>AGE</u>
Music & Movement	Katelyn	3-5

In this camp we will be learning about the basics of music notes, rhythms, and instruments! We will practice singing, dancing, and playing instruments and we will even be creating a few of our own instruments to take home!

Can we Build it?	Ally Wright	3-5
------------------	-------------	-----

Join us as we explore different building materials from floating water blocks, marble runs, and cardboard boxes to bristle blocks, Tinker Toys, and even building our snacks. We'll examine and use various tools such as small hammers, nuts, bolts, and hand mixers. A week of building would not be complete without Jesus as the foundation and the cornerstone!

Cheer	Kayla and Kam	3-7
-------	---------------	-----

Come express yourself at cheer camp! Activities will include chants, cheers, jumps, cheer-related crafts, tumbling, and dance. This camp is hosted by former professional cheer performers with years of experience.

Superhero Training Academy	Melissa Tarbox	4-7
-------------------------------	----------------	-----

Calling all superheroes! Kids will go through superhero training, develop their own superhero identity, practice their skills, eat themed snacks, and create their own superhero cape and mask. We will strengthen our identity in Christ by comparing superheroes to Bible heroes and learn that we are chosen, not alone, set apart, and incredible. We will end the week by testing our skills on a superhero obstacle course.

Basketball

Hailey Urano

4-8

This class will be for all skill levels interested in honing their basketball abilities. Dribbling, shooting, and sportsmanship will be key practices for the week. The only equipment required is sports appropriate shoes but feel free to bring along your personal balls.

Robotics

Alec&Julia

5-8

Has your child ever wondered how things are wired? What makes something move? Or been fascinated by the machines that we see in our daily life? Well then this camp would be great for them! Two former competitive robotics builders will come teach about the basics of coding, mechanics, materials, and building. The instruction will be centered around games and fun age appropriate activities. Every child will even go home with their own mini robot.

Explore Art

Marci Adams

6-9

We will learn about different artists and their styles. From Georgia O'Keefe to Miro, Monet, and Pollock. We will paint, collage, and use various mediums. We will learn how the artist tools affect the piece. This camp is for little artists that are not afraid to get messy and dive into art.

Soccer

Spurs Coaches

6-12

Join us as we hone our soccer skills in this fun outdoor camp led by a professional soccer club. We will have lots of fun incorporating games and drills to practice our footwork while also learning the foundations of sportsmanship.

Cookie Class

Hillary Painter

8-12

A little dash of sugar and a pinch of salt, whisk into our marvelous bake shop where we will bake away the week. We will explore the art of sugar cookies, royal icing and the fine techniques it takes to create such sweet perfection.

Tap

Marissa Laaras

8-12

This class will be taught by a theater major who is passionate about sharing her love of the performing arts. Children will be introduced to the basics of tap and its history in performances. This will be a smaller group of students so that each child is given the opportunity for one-on-one instruction. Shoes will be provided.
